Unit leader's signature _____ Date _____

*Project Descriptions for the***William T. Hornaday
Bronze or Silver Medal**

For each project, attach an executive summary, complete project description, and any supporting materials to this application. You may follow the structure that is identified in the Eagle Scout Leadership Service Project Workbook, No. 18-927E, to help you record the plans and execution of each project. Be sure to identify the conservation issue or problem that each of your projects was designed to address as well as any relationship that your projects may have to each other. Individual work items cannot be counted in more than one project.

At least three projects are required for the bronze medal and at least four projects are required for the silver medal. You may use your Eagle Scout project as a Hornaday project if it meets the aims and objectives of the William T. Hornaday awards program, but only one project can be for the benefit of BSA property. You may also use one project for which you have already earned the William T. Hornaday badge. Conducting an inventory or developing an educational program may qualify as a Hornaday project if it is substantial enough, but the applicant should limit these types of projects so that Dr. Hornaday's expectation that "actual results (on the ground) count heavily" may be met. Each project must address a different conservation area. For a list of approved categories and additional information, please see the official William T. Hornaday Awards Web site at <http://www.scouting.org/awards/hornaday>.
